

DISCOVER THE BEST AFFORDABLE LUXURY UPGRADE FOR YOUR OUTDOOR LIVING SPACE WITH INFRA TECH.

[September 28, 2017] GARDENA, CA – Now that fall is upon us, it's time to reap the benefits of the investments you've made to your outdoor living space over the summer. Whether you're cranking up the tunes or watching baseball on an outdoor TV, creating al fresco meals, pizza dinners or craft cocktails in the outdoor kitchen, or hosting outdoor game nights or soirees around the fire pit, every upgrade you made to your outdoor space during the summer translates into increased enjoyment during the fall and even winter months.

What if you could extend the season by three additional months in a temperate climate, or year-round in a mild one? With Infratech heating systems, you can. Infratech adds affordable luxury to your outdoor space by offering a unique combination of low initial setup and maintenance costs with a high payoff when it comes to enhancing your lifestyle.

- A typical Infratech heating system installation costs approximately 5% of the total average cost for an outdoor living room or outdoor kitchen remodel. It's an affordable initial investment that adds lasting comfort and convenience.
- Infratech heating systems are also cost-effective over the long term, with straightforward installation, virtually zero maintenance, and operation for only pennies per hour.
- They provide eco-friendly, customized climate control with zero negative emissions, generating comfort heat via a pleasing glow with no harsh odors or sounds to detract from the ambience of your gatherings.
- With a range of colors and mounting options to choose from – including our best-selling flush mount option – Infratech heaters blend seamlessly into the surrounding décor, letting your style take center stage.
